

## **COMPANY PROFILE**

BRAINBOX MATRIX Services Limited (BBM) with head office in Port Harcourt is an Engineering Design, Training / Consultancy and ICT company, registered under the Companies and Allied Matters Act 1990, specialized in providing superior Engineering and ICT Services to individuals and enterprises both in the Domestic and International Sectors.

The founders of the company are seasoned Nigerian professionals who have distinguished themselves in their areas of professional calling. Building on a solid foundation, the company is made up of a strong and dynamic board of directors, an efficient management team and a result-oriented workforce that is made up of both local and international staff. All these professionals work collectively to achieve set goals and targets and are also committed to excellence. These highly qualified and experienced persons are dedicated to render quality services to our clients at all times.

We offer an array of technology solutions and services backed by expertise and industry experience. These services range from Front-End Engineering Design (FEED), Naval Architectural Services, Power Engines, Engineering Consultancy and Training, and Information and Communications Technology, to Software Development and Deployment through Research and Development of cutting-edge solutions to individuals and industries.

With core competencies in Engineering Design, Information and Communications Technology, outsourced applications development and consulting, BBM approaches the market as a unified Engineering and ICT services firm providing clients the solutions they need to meet their strategic business objectives, rendering similar services for over Three (3) years before being incorporated on the 21<sup>st</sup> day of October, 2009.

The quality standards and reputation of our Training activity in Practical Technology Skills has endeared us to our vast Client list which include Port Harcourt Chapter of the Nigerian Society of Engineers, the prestigious Institute of Petroleum Studies of the University of Port Harcourt, the Rivers State Ministry of Power, KOHASA Engineering Limited, Ignatius Ajuru University of Education, Port Harcourt, Presidential Amnesty Programme amongst several others.

We have consultants based in Nigeria and Europe – professionally trained to deploy simple solutions to solve complex problems across different industries, and several strategic business alliances and technical partnerships with a number of high profile local and foreign organizations including Auto SHIP, COADE, SOLIDWORKS, SMENA, others

BRAINBOX MATRIX Services Limited Limited also serve as distributors / dealers in Power Transformers, representing its superior manufacturers from Europe; the LEMI TRAF0 TRANSFORMERS of Bulgaria.
