# TRAINING LOCATION

Client satisfaction being our goal, we integrate flexibility and creativity in order to meet your needs.

With this flexibility comes three (3) categories of training locations which are:

- **Overdrive:** This involves BBM giving trainings at the client's chosen venue i.e. at work , home, church, etc with training equipment being facilitated by either the client or by BBM's MCL (Mobile Computer Laboratory)
- **Home Run:** Trainings are held at BBM's training complex exclusively using BBM's training facilities
- **Combo Loc:** A combination which involves shuttling between BBM's training grounds and the client's chosen venue using either the client' equipment [where available] or our MCL if required for the training.
